6 Issue Tracker

Student	Authored (O+C)	Assigned (C only)
Ayman Akhras	1	4
Kelly Deng	0	3
Patrick Zhou	1	9
Nathan Luong	3	4
Reza Jodeiri	30	10

The numbers in the "Authored (O+C)" column are low for most team members because the majority of the issues were created and closed by Reza Jodeiri during a team meeting, who took the lead in issue tracking and management. The "Assigned (C only)" column shows a more balanced distribution, indicating that while Reza created most of the issues, the tasks were distributed among the team members for resolution. Some of these Issues were not tracked on the issue tracker, but were discussed and resolved during team meetings.
